

10.6 Children's records

Policy statement

We have record keeping systems in place that meet legal requirements; the means we use to store and share that information takes place within the framework of the General Data Protection Regulations (GDPR) (2018) and the Human Rights Act (1998).

This policy and procedure is taken in conjunction with the Confidentiality and Client Access to Records Policy, Privacy Notice and the Information Sharing Policy.

Procedures

If a child attends another setting, we establish a regular two way flow of appropriate information with parents and other providers. Where appropriate, we incorporate comments from other providers as well as parents and carers into the child's records.

We keep two kinds of records on children attending our setting:

Developmental records

- These include observations of children in the setting, photographs, video clips and samples of their work and summary developmental reports.
- These are usually kept in the main room and can be freely accessed, and contributed to, by staff, the child and the child's parents.

Personal records

- These include registration and admission forms, signed consent forms, correspondence concerning the child or family, reports or minutes from meetings concerning the child from other agencies, an ongoing record of relevant contact with parents, and observations by staff on any confidential matter involving the child, such as developmental concerns or child protection matters.
- These confidential records are stored in a lockable file or cabinet and are kept secure by the person in charge in the office.
- Contractual matters – including a copy of the signed parent contract, the child's days and times of attendance, a record of the child's fees, any fee reminders or records of disputes about fees.

- Child's development, health and well-being – including a summary only of the child's EYFS profile report, a record of discussions about every day matters about the child's development health and well-being with the parent.
- Early Support – including any additional focussed intervention provided by our setting (e.g. support for behaviour, language or development that needs an SEN action plan) and records of any meetings held.
- Welfare and child protection concerns – including records of all welfare and protection concerns, and our resulting action, meetings and telephone conversations about the child, an Education, Health and Care Plan and any information regarding a Looked After Child.
- Correspondence and Reports – including a copy of the child's 2 Year Old Progress Check (as applicable), all letters and emails to and from other agencies and any confidential reports from other agencies.
- These confidential records are stored in a lockable file or cabinet, which is always locked when not in use and which our manager secures in an office or other suitably safe place.
- We read any correspondence in relation to a child, note any actions and file it immediately
- We ensure that access to children's files is restricted to those authorised to see them and make entries in them, this being [our manager, deputy or designated person for child protection, the child's key person, or other staff as authorised by our manager/deputy.
- We may be required to hand children's personal files to Ofsted as part of an inspection or investigation process; or to local authority staff conducting a S11 audit, as long as authorisation is seen. We ensure that children's personal files are not handed over to anyone else to look at.
- Parents have access, in accordance with our Privacy Notice, Confidentiality and Client Access to Records Policy, to the files and records of their own children, but do not have access to information about any other child.
- Staff will not discuss personal information given by parents with other members of staff, except where it affects planning for the child's needs. Staff induction includes an awareness of the importance of confidentiality in the role of the key person.
- We retain children's records for three years after they have left the setting, except records that relate to an accident or child protection matter, which are kept until a child reaches the age of 21 years or 24 years respectively. These are kept in a secure place.

Archiving children's files

- When a child leaves our setting, we remove all paper documents from the child's personal file and place them in a filed section in the archive locked cabinet so it is safe for three years. After three years it is destroyed.
- Where there were s.47 child protection investigations, we mark the envelope with a star and archive it for 25 years.
- We store financial information according to our finance procedures.

Other records

- We keep a daily record of the names of the children we are caring for, their hours of attendance and the names of their key person.
- Issues to do with the employment of staff, whether paid or unpaid, remain confidential to the people directly involved with making personnel decisions.
- Students and volunteers, when they are observing in the setting, are advised of our Confidentiality and Client Access to Records Policy and are required to respect it.
- Students on Early Years Alliance or other recognised qualifications and training, when they are observing in the setting, are advised of our Confidentiality and Client Access to Records Policy and are required to respect it.

Legal framework

- General Data Protection Regulations (GDPR) (2018)
- Human Rights Act (1998)

Further guidance

- Information Sharing: Advice for Practitioners Providing Safeguarding Services to Children, Young People, Parents & Carers (DfE 2015)
- GDPR (2018)
